People whose health couldn't keep them down

I have today received your cheque regarding my claim for loss of money. I can only say that your service is brilliant! I posted my claim, 2nd class on the 14th February and received the cheque on the 19th. No follow ups or delays as so many people experience with other companies. It is such a nice experience to send such a message, many thanks.

D. Stone

The website is very easy to navigate and to enter details of previous medical conditions, and the premiums seem reasonable. The documents always arrive quickly and my previous email dealings with staff have always been prompt, friendly and courteous. Fortunately, we haven't had reason to claim and therefore test the claims procedure, but I feel confident about it given the general good customer service we've received previously.

Travel Insurance with Pre - Existing Medical Conditions is becoming more difficult to get as one gets older. I found all the members of staff I spoke very helpful before, during, and when I bought the Policy would certainly recommend to my friends with similar medical issues.
